DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this

Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1 and 15 are rejected under 35 U.S.C. 102(b) as being anticipated by Vatterott.

Vatterott discloses a rotatable entertainment device (11) comprising a mobile arm (17) coupled to the entertainment device (11); and a motion conversion device (20) coupled to the entertainment device (11) and the mobile arm (17) to convert an oscillatory motion of the entertainment device (11) into a rotational motion of the mobile arm (col. 2, lines 36-43).

Allowable Subject Matter

Claims 2-14 and 16-24 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
